PICNIC AND CAMPGROUND DIRECTORY

LOLO NATIONAL FOREST

WELCOME TO THE LOLO NATIONAL FOREST

We hope you enjoy your visit, and ask your cooperation in maintaining the campgrounds and picnic areas.

- When using a developed area, please take a few minutes to become familiar with the regulations posted on the bulletin boards. Regulations are designed to protect you, other visitors and the forest environment.
- It is prohibited to camp for more than 16 consecutive days, in any one area, during any 30 day period. New camps must be relocated at least 5 air miles from the previous camp. Camping for more than 45 accumulated days on the same Ranger District is prohibited (36 CFR 261.58).
- Please put your refuse in the receptacle provided, or if none is available, pack it out.
- Be careful with fire. Most sites have fireplaces for your safety and convenience. You may gather dead and down wood, but cutting green limbs or trees is prohibited.
- Make sure your fire is out and the ashes are cold before you leave it unattended.
- Many camping and picnic sites have safe drinking water drawn from wells by electric or hand pumps. Water from streams or lakes should be boiled or chemically treated before drinking.
- Please do not put trash of any kind, including disposable diapers, in the toilet vaults.
